Good morning Steve,

Welcome back! We have made progress on the site's TCRA and have moved closer to the field implementation stage under Ken's purview.

Yes, we have a team call scheduled for next Tuesday July 31, 2018. I will forward the invite to you shortly.

Please find attached the monthly progress reports that we have prepared and submitted to the USEPA since the approval of the Removal Work Plan in February 2018.

Please let me know if you have any questions or need additional information.

Regards,

**Maher M. Zein, PhD, PE, QSD/QSP, QISP** | Senior Environmental Engineer/Certified Project Manager |

Mike/Maher – Hello again! As you've heard I'm taking Haystack back from Ken as he heads back east. I just talked with him today to catch up on what's been going on. I understand that there is a call in a week or so regarding proposed

relocation sites. Let me know when that is. Also, if you've got any interim status reports that you can forward me I'd appreciate it. Thanks in advance. I look forward to catching up with you.
